

Application Developer Graduate Trainee

We are searching for recent graduates with a passion for coding that want to fast-track their career into commercial application development

Graduate Trainee

360 Systems' Graduate Training Programme is open for a fresh intake of new Application Developers.

Passion For Programming

You have a passion for programming and using the web to solve business problems. As a recent graduate, this is an excellent opportunity to fast track your career and develop commercial programming skills.

Logical Problem Solver

You are a logical thinker who automatically applies high standards in all you do. Ideally with strong A-Level maths plus some development of your own projects in addition to any school or university projects. A 2.1 degree in Mathematics, Physics, Economics or Computer Science is useful. The key thing is that you are a problem solver with a passion for programming and creating great web and mobile applications.

Become Full Stack Developer

The goal of our 18-month programme of Masterclasses, Support and Customer Projects is to turn you into a full stack developer in HTML, CSS, JavaScript, C# and ASP.NET Core MVC.

Expert Mentors

You will be working alongside some of the most experienced developers in the industry, building web apps for blue-chip clients with an investment in Microsoft Azure Cloud and IBM platforms.

Cheshire, Northwest England

Our Ellesmere Port Office is convenient for Liverpool, Wirral, Chester, North Wales or Warrington.

Responsibilities

- ✓ Take on day-to-day tasks performed by senior developers
- ✓ Provide 1st line support to systems, websites and customers
- ✓ Test systems as part of a project team
- ✓ Keep up to date with latest web and mobile development frameworks
- ✓ Grow your knowledge of Microsoft and IBM platforms
- ✓ Create single page web apps using HTML, CSS and JavaScript
- ✓ Code backend functionality using ASP.NET Core MVC

Skills

- ✓ Strong A-Level Maths
- ✓ Passion for web and database programming
- ✓ Problem solver able to turn customer ideas into solutions
- ✓ Keen awareness of emerging technologies
- ✓ Appreciation of design and usability
- ✓ One or more of HTML, CSS, Javascript, C#, Java

Location: Ellesmere Port, Cheshire

Our Ellesmere Port Office is between Chester and Wirral and is a convenient commute from Cheshire, North Wales, Liverpool and Warrington.

Salary: £20,000.
